Thanks Don for checking in on this - we have really solid version due in later tonight, first thing in the morning, will that timing work for you? Essentially, I got a draft over to Les which Les then re-worked with a great mix of helpful updates that Anya (who I work with in doing design mock ups) is integrating later this afternoon/tonight ..so we are nearly to the finished line. From there, whatever additional revisions you all have Anya will be on-hand to integrate straight away. All up, aiming to have your revisions and the completed door hanger ready to go by early to mid next week. Following that, full speed ahead with the ad/banner/poster mock ups ...

Have you and Cynthia had time to draft up some concepts for the door hanger piece? I'd sure like to see it and have some input. Let me know how I can help. Thank you.
